Always Being Updated ~ Call for Updates

Please Adopt, Don't Buy

PIGLETS - E-mail received from our hoof trimmer: One of my clients have 4 piglets that needs homes. Two in which are young (7-8 weeks now) and two that are 6-8 months old. All need attention and hands on for taming down. Sweet but skittish. The adoption fee will only be the cost of the spay and neutering. All of them are in Murrieta, CA.

These are the piglets with their mama. The two on the right are the ones available. These are the 7-8 week olds. They haven't been handled very much and need someone who is patient and home all day long to tame them down.

These are the two 6-8 month olds (and their daddy). Dad isn't very big. These guys are sweet. They are skittish, but curious. None of them have been spayed or neutered. I think that there are 3 boys (2 are the larger piglets) and the little ones are a boy and a girl (I think)

For info, contact Pam Martin, tell her you heard about them from Peggy Wimberly. Pam's # is 951-294-0118

PEBBLES - My name is Pebbles and I'm an approximately 5 year old female pig. I am not yet spayed. I have been at the Lancaster Animal Care Center since March 7, 2017. You can visit me at my temporary home at **L603**. The staff/volunteers here haven't had a chance to really get to know me yet. Please visit me at the animal care center and ask about spending some one-on-one time with me. Contact: Lancaster Animal Care Center, 5210 West Avenue I, Lancaster, CA 93536, (661) 940-4191 and ask for **Animal ID# A5039057**
